

P. VIGNESH

Full Stack Developer | Java Developer | MERN Stack Developer

+91 9095152704 | vignesh.dev029@gmail.com | github.com/Vignesh-dev029 | linkedin.com/in/p-vignesh-174871353

CAREER OBJECTIVE

Motivated Computer Science and Engineering student (Honors in Full Stack Development, CGPA: 8.8/10) with hands-on experience in Java, Spring Boot, React.js, MERN Stack, MySQL, and MongoDB through internships and full-stack development projects. Seeking a Software Engineer, Java Developer, or Full Stack Developer role to apply strong technical and problem-solving skills toward building scalable, high-quality software solutions.

EDUCATION

VV College of Engineering — B.E. Computer Science and Engineering (Honors in Full Stack Development) Aug 2023 – Present
CGPA: 8.8 / 10

Sri Rama Krishna Higher Secondary School — Higher Secondary Certificate (HSC) 2023
Percentage: 91%

Sri Rama Krishna Higher Secondary School — Secondary School Leaving Certificate (SSLC) 2021
Percentage: 100%

TECHNICAL SKILLS

Languages: Java, Python, JavaScript

Frontend: HTML5, CSS3, Bootstrap, Tailwind CSS, React.js

Backend: Spring Boot, Node.js, Express.js

Databases: MongoDB, MySQL, PostgreSQL

Tools & Platforms: Git, GitHub, VS Code, AWS, Linux, IBM Cognos Analytics

PROFESSIONAL EXPERIENCE

TVK Technologies — Software Development Intern June 2026

- Developed and maintained web application modules using Java and React.js
- Collaborated on frontend and backend integration, working with REST APIs and database operations
- Applied software development best practices, debugging techniques, and version control throughout the development process
- Strengthened practical skills in Java, React.js, Full Stack Development, API Integration, and Team Collaboration

IBM SkillsBuild Virtual Intern — IBM Cognos Analytics March – April 2026

- Developed interactive healthcare dashboards, reports, and stories using IBM Cognos Analytics
- Applied Business Intelligence (BI) and data visualization techniques to analyze healthcare data and generate meaningful insights
- Enhanced practical skills in IBM Cognos Analytics, Data Analysis, Dashboard Development, and Business Reporting

PROJECTS

PayFlow – Credit Card Processing System | MERN Stack

- Developed a full-stack web application using MongoDB, Express.js, React.js, and Node.js for digital payment processing and transaction tracking
- Implemented RESTful APIs, authentication, and responsive UI components to improve application functionality and user experience
- Designed and integrated multiple modules including payment management, transaction tracking, and database operations
- Built a complete MERN stack application with 4+ core features, including user management, payment processing, transaction history, and dashboard visualization

LibraSys – Library Management System | Spring Boot, React.js, PostgreSQL

- Developed a full-stack library management system using React.js, Spring Boot, and PostgreSQL with role-based access control for admin and student users
- Implemented JWT-based authentication and authorization to secure REST APIs
- Designed RESTful APIs for book, member, and catalog management using Spring Boot, Spring Data JPA, and Spring Security

CERTIFICATIONS

- Completed 6+ technical certifications in Full Stack Development, Database Management, Cloud, and AI technologies
- NPTEL Database Management Systems (Elite)
- Full Stack Development with MERN Stack
- IBM Cognos Analytics
- Natural Language Processing (NLP) — Pantech E Learning Pvt. Ltd., Chennai
- Spring REST APIs & Spring Data JPA with Boot — Infosys Springboard
- Frontend Development Workshop — Mavipizon Technologies

ACHIEVEMENTS

- Maintained a CGPA of 8.8/10 in B.E. Computer Science and Engineering
- Earned NPTEL DBMS Elite Certification
- Awarded Best Performer in the Frontend Development Workshop conducted by Mavipizon Technologies
- Selected in the IBM Hackathon, earning the opportunity to complete the IBM SkillsBuild Virtual Internship in IBM Cognos Analytics

LANGUAGES KNOWN

Tamil – Native Proficiency | English – Professional Working Proficiency

SOFT SKILLS

Problem Solving, Team Collaboration, Communication Skills, Time Management, Analytical Thinking, Quick Learning Ability

EXTRA-CURRICULAR ACTIVITIES

- Participated in technical hackathons and technical symposiums
- Attended workshops and training programs on Full Stack Development, Java, and emerging technologies
- Actively engaged in continuous learning through industry-recognized certifications and technical events
- Passionate about learning emerging technologies and software development trends
