EDUCATION

VV College of Engineering

August 2023 - Present

Bachelor of Engineering

Department of Computer Science and Engineering

CAREER OBJECTIVE

To work in a professional organization that provides opportunities to apply and enhance my technical skills in Full Stack Development and Java technologies while contributing to innovative software solutions and organizational growth.

PROJECTS

PayFlow – Credit Card Processing System

Developed a full-stack web application using the MERN Stack (MongoDB, Express.js, React.js, and Node.js) to manage digital payment processing and transaction tracking. Implemented RESTful APIs, responsive user interfaces, and secure database integration for efficient transaction management and improved user experience.

TECHNICAL STRENGTHS

Java, Python, JavaScript

HTML5, CSS3, Bootstrap, Tailwind CSS, React.js, Angular

Spring Boot, Node.js, Express.js

MongoDB, MySQL

Git, GitHub, VS Code

AWS, Docker, Linux, IBM Cognos Analytics

WORK / TRAINING EXPERIENCE

TVK Technologies

June 2026

Software Development Intern

Worked on Java and Angular-based application development.,Improved knowledge of frontend-backend integration and software development practices.

ACADEMIC ACHIEVEMENTS

Maintained a CGPA of 8.9 in B.E Computer Science and Engineering.

Earned NPTEL DBMS Elite Certification.

Successfully completed multiple industry-recognized technical certifications.

Developed full-stack and enterprise application projects using MERN Stack and Spring Boot.

CERTIFICATIONS

NPTEL Database Management Systems (Elite)

Full Stack Development with MERN Stack

IBM Cognos Analytics

Natural Language Processing (NLP) – Pantech E Learning Pvt. Ltd., Chennai

Spring REST APIs – Infosys Springboard

Frontend Development Workshop – Mavipizon Technologies

EXTRA-CURRICULAR ACTIVITIES

Active Chess Player

Participated in Technical Hackathons

Participated in Technical Symposiums

Attended Technology Conferences and Workshops

Passionate about Learning Emerging Technologies and Software Development Trends
